

Christmas letter 2021-12-06 from

CACINE-FÖRENINGEN

Newly painted facade at the school Two volunteer dentists from Portugal and Valberto

The autumn term began on October 11 at Escola Betel in Cacine with 706 students and the school is run in three shifts, Monday to Friday. During the autumn, two dentists

from Portugal who have taught oral hygiene and also how to prevent covid-19 have been visited. This summer, Valberto visited Brazil (his home

Jonatas as a volunteer in the radio station

country) for the first time in five years. He informed many groups about the school and met the family. The radio station works as usual and broadcasts about three hours every day.

The library

The library is also open to the villagers. The boarding students read their homework there. Now Valberto is waiting to receive a visit from Helen from Canada and two volunteers from Portugal, who will help at the radio station. The journey for the Cacine members is postponed until further. The association continues to pay 60 school fees.

The boarding students

The students out on the schoolyard

We have increased the school fee from the academic year 2022-23 to SEK 400, due to increased costs. The Cacine Association's annual meeting will be held on March 19, 2022 at 14.00 in Möcklamo mission house. Welcome!! Thank you to all of you who have contributed with both large and small gifts. Everything is valuable to be able to make an effort. Headmaster Valberto once again expresses his big THANKS for all the support that has come to the operations in Cacine during the year.

*Merry Christmas
and
Happy New Year*

*Wishes from the
Cacine Association board*
