

SUMMERLETTER 2021-07-01 from

CACINE-FÖRENINGEN

The association's activities have taken place via digital meetings. Both board meetings and the annual meeting took place via Teams. No trip has been possible this year. But we have received constant reports from the Bethel School in Cacine. More than 700 students go in three shifts and Saturday classes have also been held. Year 12 started in 2019, so now the second round has ended. The ceremony will have to wait due to the Corona situation, but it will take place as soon as possible.

In the spring, it was difficult for the families due to the restrictions to be able to sell their products and they therefore lacked cash to buy food. The situation was serious, with starvation as a result. We heeded a call from the village and in two weeks SEK 27,000 was collected which was enough for 100 sacks with 50 kilos of rice. Many families felt great gratitude for the sack of rice and thanked for the care and gift in the
