*Escola Betel in Cacine in 2022*

The autumn term began in mid-October at the school with roughly 700 students and 26 teachers. No one from the Cacine association has visited the school during the year due to the corona restrictions. A trip is planned for the end of January 2023 for a group of four participants. The radio station works as usual and broadcasts for about three hours every day, and the IT lessons are also located in a part of the building.

*Radio station volunteers.*

*The school's gables are painted with teaching materials.*

For a few years, the association has

*Escola Betel students with their yellow T-shirts  
Cassumba students and  
Djibril Camara*

Cassumba, a remote village by the sea, has been helped to run school education for several years from Cacine. We have been there on several occasions and visited the school. Djibril Camara, a former student from Cacine, works there now.

Barbro and Hans invited the association to their house in the countryside for an association meeting. There was information about Guinea-Bissau and many exciting activities. The Cacine association's annual meeting will be held in March 2023. Thank you to all of you who have

contributed with both large and small gifts. Everything is valuable to be able to make an effort. Headmaster Valberto once again expresses his big THANKS for all the support for Cacine during the year.

*Merry Christmas  
and  
Happy New Year*

*Wishes from the Cacine Association board*
