

Christmas letter-2024-12-15

CACINE-FÖRENINGEN

Temporary bridge on the road to Cacine

During the autumn, the school in Cacine celebrated its 28th anniversary. There are now 778 pupils and as many boys as girls. 21 teachers, 3 assistants and 3 cooks. Principal Valberto was during the "summer vacation" in Brazil. When he returned for the fall semester, two bridges were washed away on the road to Cacine, because of the heavy rain. Additional work for transport out of e.g. food for the school, the markets and the shops. The rice sacks have arrived at the school. The students have been given food, large portions of rice every day. The library works well with an employee who, among other things, has lessons for the children and lends books (read on site).

Escola Betel 28 years in 2024

The rice plates are ready to be served

In October we met in Kulla chapel for a Guinea-Bissau evening. Lots of people as usual.

The librarian with students

The students' new toilets

Then pictures were shown and Ola and Ulf told about their time in Cacine in February. We were at a flea market during the autumn at Stinsen Arena in Nässjö. Nässjö Bandy Association (NIF) has selected Cacine Association for a collaboration at a home match in early February 2025. At this match, there will

Pupils out on recess

be free entry and the income in the form of sponsorship contributions and auction of match shirts, with Cacine School's yellow/green colors, will go to the association. At this match, we also have the chance to market the association's activities. Information coming later!

A big THANK YOU to all of you who have contributed with both large and small gifts. Everything is valuable to be able to make a contribution. Principal Valberto once again gives his big THANK YOU! This year's student fee is SEK 400 SEK per school year.

Annual meeting 2025 will be held on 1 March at 14.00 in Möcklamo mission chapel.

Merry Christmas
and
Happy New Year
